

Centres / Facilities provided by Government and Related Organisations – List of Reference

The Education Bureau encourages kindergartens (KGs) to make good use of the resources and facilities of the community as well as non-governmental organisations to organise more experiential learning activities outside the classroom. When using the “KG Activity Grant” to organise activities or select venues for visits, KGs should consider the following principles (for details, please refer to EDB Circular No. 8/2023 “Kindergarten Education Scheme - Kindergarten Activity Grant” and EDB Circular Memorandum No. 217/2024 “Kindergarten Activity Grant for the 2024/25 School Year”).

Principles:

- i) The venues for visits or the activities to be offered should be relevant to children’s actual life experiences, learning themes and interests;
- ii) Teachers may decide whether to conduct a site visit if deemed necessary;
- iii) Prior to the activity, teachers may give a brief introduction to the children to enhance their understanding of the activity or arouse their curiosity;
- iv) If the activity is scheduled for multiple grade levels, the KG should consider the abilities and interests of children of different ages, and develop appropriate learning objectives and activities tailored to each grade level;
- v) Design simple and interesting learning tasks to cater for children's developmental needs for learning by doing and learning through play; and
- vi) The activity may be followed by extended activities based on the children's interests to help them consolidate and reinforce the new knowledge and skills acquired.

KGs can browse the list of charitable institutions and trusts of a public character, which are exempt from tax under section 88 of the Inland Revenue Ordinance, at Inland Revenue Department’s website (https://www.ird.gov.hk/eng/tax/ach_index.htm). KGs can also browse the list of statutory bodies at the Home and Youth Affairs Bureau’s website (https://www.hyab.gov.hk/en/policy_responsibilities/District_Community_and_Public_Relations/advisory.htm). Statutory bodies in Hong Kong include but not limited to: the Airport Authority, Hospital Authority and West Kowloon Cultural District Authority, etc. It does not comply with the principles for using the Grant if an organisation providing the activity facilities is not a government organisation, a non-profit-making organisation nor a statutory body. Examples of such organisations include: public transport companies, privately-owned farms, supermarkets, malls and restaurants, etc.

Attention: KGs should arrange suitable school-based activities according to students' interests, learning needs and abilities. The information below, by no means exhaustive, is for reference only. If there are any changes to the contents in the list, the information published on the centre/facility's website shall prevail.
